Notes

1. For each dormitory semester, summer and winter vacation, in addition to the housing fees and security deposit, you are required to pay the following fees:
 - (1) Dormitory No.1: Dormitory electricity, hot water, and gas fees..
 - (2) Dormitory No.7: Dormitory electricity, heating electricity, heating water, heat pump renovation and maintenance.
 - (3) Dormitory No.2: Dormitory electricity, heating electricity and heating water, heat pump renovation and maintenance.
2. Boarding students for each room pay electricity fee as the same pay rate on the electricity bill paid by the NTNU in the same period of time.
3. Boarding students at Dormitory No. 7 pay heating water fee at a fee calculated by multiplying the water meter reading by the floating rate of water company; heat pump renovation and maintenance fee is TWD\$100 per person per semester (2 months).
4. This table has been effective since the 111th academic year; housing fees are calculated according to the actual week number of open housing by Student Housing Office.
5. The housing fees is calculated by multiplying the number of weeks and using the unconditional rounding method of the individual digits.
